

Fat Burner

Fat burner & normal blood glucose level

Premium health benefits

To burn fat, improve sugar metabolism, reduce hunger feeling and digestion in a natural way.

Belgian notified Food supplement with green tea (matcha), L-carnitine, Chlorella, lipase and chromium.

Green tea extract supports lipid metabolism. L-carnitine helps with fat oxidation. Chromium contributes to normal macronutrient metabolism and to the maintenance of normal blood sugar levels. Lipase for an optimal digestion.

How to use

1 capsule to be taken with your first meal

We recommend to take the Insentials® cure for a minimum of 3-6 months.

Longterm intake is a recommendation by experts, in combination with exercise and healthy nutrition.

All formulas of Insentials can be combined at the same time.

We only use the best ingredients

Ingredients per daily dose (1 capsule): L-carnitine, Camellia sinensis extract, Chlorella, lipase, HPMC, rice flour, diglycerides of fatty acids, copper complexes of chlorophyllin, chromium picolinate.

		%RI*
